He was stationed at Camp Humphreys, Va., and went overseas last June.

FEW FOLKS HAVE GRAY HAIR NOW

Well-Known Local Druggist Says Every-
body Is Using Old-Time Recipe of
Sage Tea and Sulphur.

Hair that loses its color and luster, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women who value their hair that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and luster and gives it an appearance of abundance.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.—Adv.

"LILLE MOTHERS" CRUSADE

Started to Bring About Prosecution of
Former Emperor.

Paris, Tuesday, Dec. 10.—Legal action against the former German emperor has been commenced by an organization of "Lille mothers."

The demand for prosecution states that the commanders of the German army in April, 1918, directed that minor girls be carried away from their families, that they were submitted to odious treatment and forced into close contact with notorious women.

The statement of complaint says that, whereas said commanders were thus guilty of the crime of abduction and that they were under command of their former emperor, prosecution is demanded.

Benefit Brand "Sweet Nut" Margarine is made solely from the whole, some portion of the creamy meat of ripe coconuts, churned with pasteurized milk. GERMANS FEAR RUSSIAN SPIRIT

Cabinet Requests Bolsheviks
Not to Send Delegates
to Berlin

FOR THE CONFERENCE PLANNED FOR DEC. 16

Russian Bolsheviks Were In-
vited by Soldiers' and
Workmen's Council

Berlin, Monday, Dec. 9 (by Associated Press).—The German cabinet has sent a wireless message to the Russian government asking it not to send a delegation to Berlin for a conference planned for Dec. 16. The reason given was the "present situation in Germany."

The Russian bolshevik delegates were invited by the executive council of the soldiers and workmen's council against the wishes of the cabinet. The opposition of the cabinet has been strengthened beyond doubt, by accusations made by Adolph Joffe, the bolshevik ambassador to Germany, who has made a statement saying Ministers Hasse, Barth and others were friendly toward him and actively seconded his plan to introduce Russian methods into Germany. In spite of their denials, Joffe's accusations have created a painful impression in many quarters.

MINISTERS IN CONFERENCE.

In Addition, They Elected Officers of
Monday Club.

The annual meeting of the Ministers' Monday club, which should have been held in October, but which, on account of the influenza epidemic, had to be postponed, was held on Monday in the parlor of the Unitarian church in Montpelier.

Rev. Wesley G. Mead opened the proceedings with devotional exercises. The retiring president, Rev. C. E. Bingham, after the reading of the minutes of the last meeting, called for the secretary's annual report, from which it appeared the club had held eight meetings during the previous year, four in Montpelier and four in Barre. The average attendance was 11, the largest 14 on Feb. 11. Papers had been read by the following clergymen: Rev. B. G. Lipsky, Rev. Edgar Crossland, Rev. Wesley G. Mead, Rev. Verne Smith, Rev. L. C. Sherburne, Rev. J. Barnby Leach, Rev. L. C. Carson and Rev. Stanley F. Blomfield. The financial statement showed that the funds were in good condition, with a larger balance in hand than the previous year.

The following officers were then elected for the ensuing year: President, Rev. L. C. Carson; vice-president, Rev. Wesley G. Mead; Rev. Frank Blomfield, after seven years' service, was re-elected secretary and treasurer. For business committee, the president, vice-president and Rev. B. G. Lipsky. The newly elected president appointed for program committee, Rev. L. C. Sherburne, Rev. Edgar Crossland and Rev. W. L. Boisvert.

The business of the annual meeting being disposed of, these present settled themselves down to listen to a very interesting account of his experiences in Y. M. C. A. work in France of Rev. W. L. Boisvert of Waterbury. At the close of his address, several questions relative to the topic were asked and answered.

Owing to the fact that there is no morning train from Waterbury, the meeting was held at 1 p. m., instead of at the usual morning hour. For the same reason, the next meeting at Barre on Jan. 13 will be held at 1:30 p. m.

Among those present were Revs. C. D. Piper, L. O. Sherburne, L. C. Carson, Wesley C. Mead of Montpelier; Rev. J. B. Reardon, Edgar Crossland of Barre; Revs. C. E. Bingham and C. D. Fairman of Northfield and the secretary, Frank Blomfield of Berlin Corners.

AID TO AMERICAN BUSINESS SOUGHT

Secretary of Commerce Redfield Recommends Expansion of Bureau of Foreign and Domestic Commerce to Make It Possible.

Washington, D. C., Dec. 11.—Expansion of the bureau of foreign and domestic commerce to enable it to give effective aid to American manufacturers and merchants in taking full advantage of after-the-war world trade opportunities is the chief recommendation of Secretary Redfield in his annual report made public today.

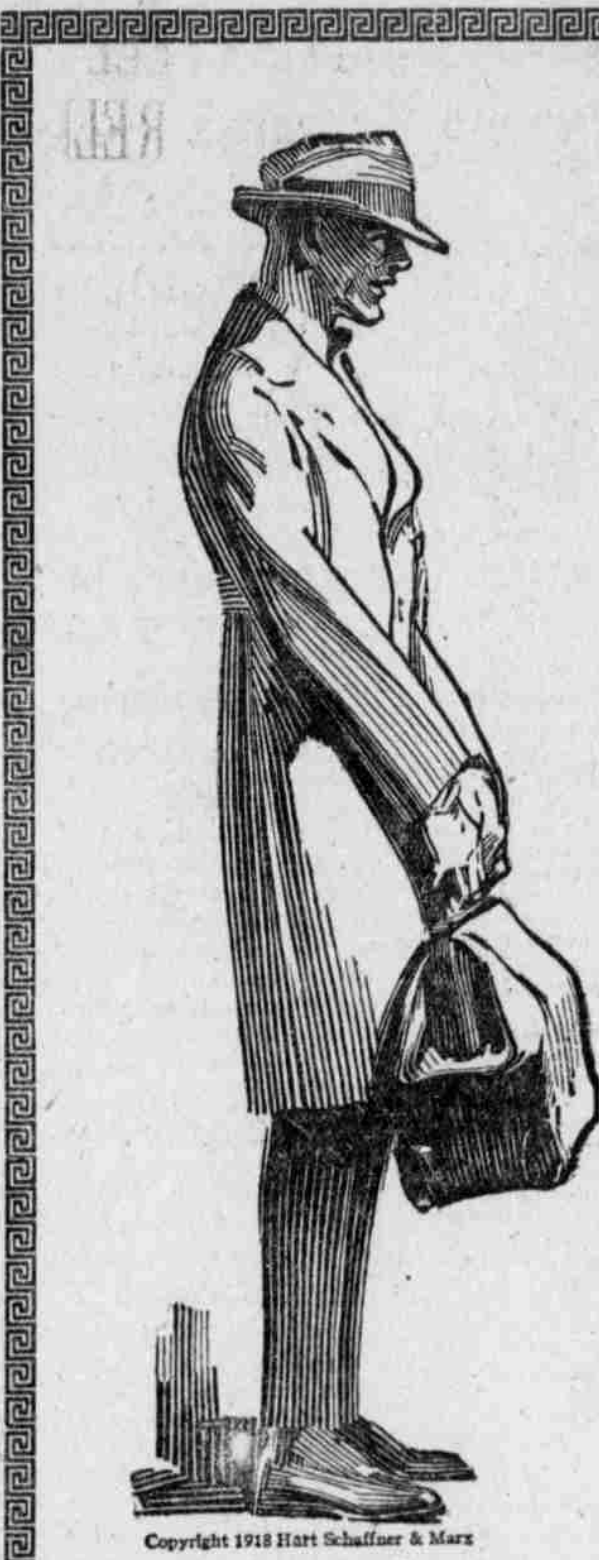

The secretary also reiterates his approval of the proposed development of a government-owned intracoastal waterway to link up the great cities of the east, from the lakes to the coast and down the Atlantic seaboard.

Dealing with post-war trade and the part the bureau of foreign and domestic commerce can play, the report emphasizes especially the need for additional commercial attaches and trade commissioners. The balance of trade in favor of the United States for the fiscal year 1918 was \$2,982,238; the total of the merchandise export trade was \$5,928,285,641 and of the import trade \$2,946,059,403.

"Measured by the economic needs of the country and by the grave responsibilities of post-war competition," the report says, "the bureau should be expanded."

detour signs; they asked for street sprinkling, but apparently the council couldn't see it for dust. Now they are asking for sand on the sidewalks, and in the same generous quantities that other wards are receiving it. The alderman described the alderman's conditions on ward 4 streets and told his colleagues rather pointedly that he should be tempted to use the rugged methods employed by Alderman Ruzzi in the fifth ward if results were not forthcoming. The upshot of the protest was that the street department was directed to give the fourth ward its share of sand.

Charity department expenses in November aggregated more than \$2,500, according to a report submitted by Overseer McDonald. Among the items included were: \$1,143.49 for provisions and milk, \$248.70 for fuel, matron's services, assistance and care of children \$253.94, hospital treatment \$18, medicine \$26.60, funerals \$191, shoes \$122, clothing \$124.21, rents \$44, two men's expenses to the sanatorium \$30. The report was accepted as presented.

An item in an appropriation resolution offered by the clerk and passed to a second reading will provide \$5,150 additional for the support of the poor. Other appropriations included: \$4,300 for streets; \$50 for street sprinkling, \$75 for engineering, \$1,500 for the water department, \$25 for the account of births and deaths, \$451.07 for state and county taxes, \$9,386.43 for schools, \$3,163 for the evening drawing school, \$790 for epidemic expenses.

Mrs. Bertha (Rugg) Gillard of Lowell, Mass., who was served with a notice to raze a Hall street shed, which has been

condemned as unsafe, replied with a communication asking for more time, and on the motion of Alderman Healy an extension of 10 days was granted. Through the clerk, Supt. C. H. White of the city schools informed the aldermen that Miss Faustina Maker, medical inspector in the schools, having had experience in welfare work, will be glad to give available time to the city in carrying on the contemplated survey. F. D. Beckley offered to sell the city 40 cords of wood at a reasonable price. The offer was referred to the charity committee. Joseph Cook was given a permit to move a henhouse from 22 Averill street to 76 Washington street, with the customary restrictions. Ernest Letourneau received permission to transfer his lunchroom license from Pearl street to North Main street.

Warrants were approved for payment as follows: Street payroll, \$218.35; engineering payroll, \$36.81; water payroll, \$113.33; fire payroll, \$119.57; police payroll, \$103.37; G. A. Bemis, \$16, services as janitor; D. M. Gilbertson, \$10.50, services as wiring inspector.
